HERE AND THERE.

W. F. Patton, Life Insurance.
 Corn is laid by.
 Sow your turnip seed.
 Cut out your fence corners.
 \$700. given away Oct. 6th.
 Cerulean is now in full blast.
 Wheat threshing is about over.

The corn crop bids fair to be an immense one in this section.

We have a scholarship in the Evansville Commercial College for sale.

Mr. W. H. Thompson has been appointed deputy tax collector, for the city.

The members of Co. D presented Capt. Smith with a handsome gold mounted belt last week.

The Telegraph operator in the office here did not strike last week, but is still at his post.

We were informed by a gentleman who came in from the country yesterday that the weather was warm.

Read the advertisement of a valuable farm offered for sale by Mr. A. D. Boales, of Cadiz, which appears in another column.

Hon. P. W. Hardin and W. O. Bradley spoke at the Court-house yesterday afternoon. We will have something to say about their speeches next week.

There may be better drilled soldiers at Grayson than our boys but there will be no prettier girls there than Hopkinsville's representative beauties.

Wheat came in so rapidly last week that wagons had to wait for hours to be unloaded. Fifteen or twenty would frequently be drawn up in a line before the receiving places.

Mrs. L. A. Waller, Misses Lillie Waller, Flora Trice, Annie Waller, Lella Wall, Lou Redd and May Ware, of this city, and Carrie and Lela Pendleton, of Pembroke, accompanied Co. D to Grayson last Saturday and will remain all the week.

With thirty members of Co. D and half a score of ladies at Grayson, and numbers of Hopkinsville people absent at Cerulean, Dawson, Sebree and other springs, the city is settling into its annual season of summer dullness.

We desire to call attention to the advertisement of the Dawson House. This hotel is situated upon a beautiful eminence overlooking the entire town, and within short distance of the Chalybeate spring, and all who have stopped there say there is no place like the Dawson House.

A protracted meeting is now in progress at the Baptist church at Pembroke, which is conducted by Rev. Mr. Salm, a converted Jew, who is a man of fine ability and an impressive speaker. Two sermons a day will be preached and there will be dinner on the grounds. The public is cordially invited to attend the meetings.

Mr. Harvey H. Pyle who died in this city April 7th, was a member of Masonry Council, Chosen Friends, of Hopkinsville. Last week his executor, Mr. Jas. F. Pyle, received the full amount of his insurance, \$3,000, which will be equally divided amongst his parents, sister and two brothers who survive him, according to his will.

The grading of the T. & N. Railroad will begin on the property of Mr. Bryce Stewart, near his tobacco factory, at 10 o'clock next Monday morning, the 23d inst. The Railroad committee, members of the Tobacco Board of trade, business men of the city and citizens generally are invited to be present and witness the inauguration of this great enterprise. The first shovel of dirt will be thrown by Judge Wood, of Alabama, who will address the audience which may attend.—Tobacco Leaf.

It is now a little over two months until our distribution of premiums will take place. If you already take this paper advise your neighbor to do so, and if you are not a subscriber, make your arrangements to secure a ticket before Oct. 6th, the date of the drawing. We have now more paid up subscribers than any paper in this section, but we want several hundred more. Our rates are as heretofore \$1.50 strictly cash—no more less—and every paper is stopped when out.

The moonlight picnic at Mr. William Johnson's last Wednesday night was largely attended, most of the young people from Hopkinsville and the surrounding country were present, and all express themselves as having spent a very pleasant evening, and how could they have done otherwise, with such a host and hostess as Mr. and Mrs. Marlow Johnson, and two such charming young ladies as Misses Georgia Long and Maggie Wiley assisting them?

Very Low Rates.

During the continuance of the Southern Exposition, at Louisville, Ky., commencing August 1st and continuing 100 days, the Louisville & Nashville Railroad will sell excursion tickets from any of its stations to Louisville at one fare for the round trip. These tickets will be on sale every day, from 10 A. M. stations and will be good 15 days, allowing ample time to visit the Greatest Exposition ever held in the South, and second only to the Centennial at Philadelphia.

OUR WEEKLY BUDGET.

Davis Howell, of Crofton. Nearly Killed with a Hoe—"Co. D" off for Grayson—Competitive Examination at Sebree—Gored by a Cow.

ALMOST A HOMICIDE.

On Tuesday, July, 17th, Davis Howell, a crank of the Crofton vicinity, in this county, was struck on the head by Jack Melton and a compound fracture of the skull was made which came very near proving fatal. Howell is a feeble minded individual who frequently imagines himself a statesman and proceeds to publicly announce himself as a candidate for office in a senseless harangue at the Court-house. He has heretofore been considered a harmless kind of a fellow, but on the date in question he went to a field where Jack Melton and two boys were hoeing tobacco and began having some words with him upon him and started towards him with his hand in his pocket. As he came up Melton struck him a heavy blow on the head with the above mentioned result. A pistol was found in Howell's pocket. Melton then took Howell to his own house and had his wounds attended to. An operation was performed by Dr. Fuqua, of this city, and Dr. Jackson, of Crofton, which restored consciousness and motion. Four square inches of the skull bone was removed and the operation performed was as successful as it was difficult. At last accounts the patient was doing as well as could be expected and should he recover he will live as a monument to the surgical skill of his physicians.

GORED BY A COW.

Nick Gaitner, a little son of Mr. Nat Gaitner, was gored in the face by an infuriated cow last week, and a horrible wound was inflicted. Dr. Fuqua, his attending physician, regards the wound as very grave but thinks he will recover.

COMPETITIVE EXAMINATION.

The following examination from Congressman Clay explains itself.

HENDERSON, Ky., July 19, 1883.

There are 28 of the company now at Grayson. They were accompanied by several of Hopkinsville's prettiest young ladies and if they do not have an enjoyable time it will be their own fault. The entire expense of the trip will be \$10 each and their transportation will be paid by the State and will be returned to them. They will be absent about ten days and besides Co. D. there will be six other companies, numbering in all about 400 men, rank and file, commanded by Major Malcolm H. Crump, of Bowling Green.

DIED.

CRUTCHFIELD.—At the residence of Mr. Jas. F. Pyle, on Virginia street, Saturday, July 21, 1883, after a long and painful illness, Miss Rebecca Crutchfield, in the 70th year of her age. Her funeral was preached at the residence of Mr. Pyle Sunday afternoon by Rev. R. H. Coulter, of the Northern Presbyterian church, of which she had been for many years a constant member.

CHAMPLIN.—At the residence of her father, Judge G. A. Champlin, in this city, Sunday, July 22, 1883, Miss Carrie Champlin, a young lady just budding into womanhood. Her funeral services were held at the residence yesterday morning, and all that was mortal of a bright, pure and attractive girl was laid to rest in the family burying ground on the Canton road. She had been sick about two weeks, suffering intensely all the time. The afflicted parents and brother have the sympathies of many friends in the loss of their only daughter and sister.

The Legislative Candidates.

Monday of last week being the beginning of the special term of Circuit Court, the two candidates for the Legislature, Jas. Breathitt, Republican, and Larkin T. Brasher, Independent, opened the campaign in a joint discussion at the Court-house. The room was comfortably filled with people from both the country and the city. Mr. Brasher spoke first and made a ten minutes reply to Mr. Breathitt's speech. We were unable to hear all of their speeches, and can not, therefore, give a synopsis of them. No political issues are to be raised in the canvass, but the race is to be made on the turnpike question. Mr. Breathitt is the Republican nominee and secured the passage of the bill allowing the people of Hopkinsville and South and West Christian to vote a tax for free turnpikes not to exceed 20 cents, and \$1 poll tax.

Mr. Brasher, who is not a member of any of the three parties in the county, but has more recently been a Greenbacker, favors the repeal of the bill before it is voted upon. He is making the race as the nominee of no party, but upon his merits and the merits of his platform, as an independent anti-union candidate.

There is also one other point upon which the gentlemen have joined issue. The last Legislature passed a law amending the code of practice by requiring all processes issued by the judge of the quarterly court to be returned before him and not before the magistrate nearest the defendant in the action. Breathitt, who was a member, voted for this and defends his position, while Brasher is violently opposed to the amendment.

Both candidates made animated speeches and were applauded by their respective followers. After their discussion was over, Hon. Austin Peay, Democratic nominee for the Senate, made a short and entertaining speech.

Valuable Land For Sale.

I offer for sale my farm, situated 4 miles east of Hopkinsville near Edwards Mill, and 1/2 of a mile from the thriving village of Cadiz, on the T. & N. R. R., consisting of two hundred and twenty-five acres, with sufficient timber to keep all necessary repairs about 100 acres with a set of clover, and about 12 acres in meadow an excellent drainage of apples and grapes. The house is in good repair, the improvements consist of a good fence, a well, a spring, a new barn, a new cow house and a new stable, and a new tobacco barn, and a constant running stream fed by several springs crosses the farm to which stock can be admitted from any part. Every acre is suitable and adapted to the growth of corn, wheat, tobacco, clover and all the grasses usual to this section, and should be seen with the present growing crop to appreciate its fertility and worth.

Parties wishing to purchase will call on me on the premises and derive all information not mentioned here. Should I not sell private before the 1st of Monday in Sept. next I will then offer it publicly at the Court House door in Hopkinsville to the highest bidder.
